

1971

WEST GEORGIA COLLEGE
NEW STUDENT REGISTER
FALL, 1971

Student Government Association

West Georgia College

CARROLLTON, GEORGIA 30117

FROM THE OFFICE OF
THE EXECUTIVE COUNCIL

404-832-7065
EXT. 319

TO THE CLASS OF 1975:

I would like to extend to each of you my welcome to West Georgia College. I hope you will soon feel that this is your College. The administration, faculty, and facilities are important in providing structure for the College, but it is you, the student that give it life and substance. It will be your interest in the College, in all phases of college life, and the efforts you put forth to develop a better environment for yourselves and for your fellow students that will determine the destiny of this College.

You come to this College at a time when cries for student rights and student power are being heard all over the country. The College is a place to question, to criticize, to become involved, and to search for meaning. However, it should not be used as a sanctuary for expressing views that would not be expressed outside of the institution.

When expressing your views on this campus there is a vehicle available to you—THE STUDENT GOVERNMENT. However, a student government is possible only if you, the student, provide support and creative ideas. The primary function of a student government is to represent the student and to help the student create a self-fulfilling environment and the success depends on you. Your Student Government Association will present your opinions and views to the administration, faculty, the local citizen, and the legislature.

Your education at WGC is not restricted to the classroom. It is up to each of you to put forth the effort to become totally involved in this college environment and to realize that failure to do so only limits your experiences because this total involvement will have real meaning in your socio-political life after graduation.

Congratulations on your admission to WGC. On behalf of the entire Student Government Association, I want to wish you a happy, enjoyable and productive four years at WGC. Take advantage of this tremendous opportunity to get a college education and become involved in your College.

Respectfully yours,

Don Smart, President
Student Government Association

you don't like it here, you can leave,
but if you leave, you're going to
run into something else you don't
like, and you can't keep on
leaving forever because you'll run out
of places to go. So we've decided
to change it.

GET THIS CARD

 **EASTERN YOUTH CARD**

Name _____

Signature _____

Expiration Date _____

TO GET A HIGHER EDUCATION.

It's an Eastern Youth Fare ID Card. With one, you can fly at less than regular fare on most airlines in the country. And when you use the Card on Eastern, you have this extra going for you: You can reserve a seat in advance, just like any other passenger, on any Eastern flight in the U.S. (and on some flights between the U.S. and Canada) anytime, except during peak travel hours, at 25% off the regular coach fare. (On many other airlines, you may have to stand by to see if there's an empty seat left over for you.)

Enjoy Eastern's reduced Youth Fare between home and school. Or on a short or long vacation break to the great cities and resorts. Eastern flies to more than 100 cities, including New York, Chicago, New Orleans, Montreal, Toronto, Ft. Lauderdale, Miami, San Antonio, Los Angeles and Seattle.

Your card also earns you a discount on Eastern's Air-Shuttle between New York/Newark and Boston or Washington, D.C.

How do you get your Card? Good question and easy to answer. Just pick up an application blank at any Eastern office or from your Eastern Campus Representative. Turn it in with \$3.00 and proof of age. That's all, and you'll have a Card good until your 22nd birthday. Which gives you plenty of time to really take off and fly!
